How long have you lived at Bozman Farm Estates? 4 years

Why would you like to serve on the Board of Directors?

I believe our neighborhood is a special place with an incredible community of people and I would like to be a part of maintaining that "special" feel. I want our board of directors to be the arms and legs of the community, it is important to me that everyone feel they have a voice and I want to make sure that happens.

What experience or qualifications would you like to share?

I have served on several boards over the last several years from church boards to HOA community boards from the development side. It isn't a glorious role but a crucial one.

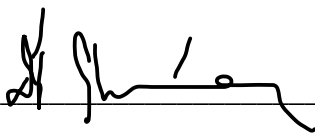

What are your goals for the Association?

To prosper. To move into this next phase of our HOA seamlessly and effectively. To budget efficiently, effectively and to be an HOA we can all be proud of. Echoing the first answer I believe Bozman is a special place and I want to ensure it stays that way for every single family represented here.

Please include any other information about your candidacy for the Board of Directors.

If elected I look forward to the task at hand and I cannot wait to meet even more great folks through this role. I hope we can create an HOA board that keeps it ears open to every family and is a collective group of leaders striving to make our HOA the best it can possibly be.
